

Sailing Resume

You can either fill out this form or use the NauticEd free resume building software which will fill it out automatically for you. Go online to NauticEd.org/signin to either sign-in or sign-up and then fill out your free cloud based logbook. You can then keep track of all your sailing ventures and build your logbook in real-time online. Additionally, use iOS TrackLink App which will GPS track all your sailing ventures and it automatically adds the track to your logbook.

For your protection, make no false or exaggerated statements. In the case of an accident and an inquiry, chartering a yacht under false pretenses could make you liable for injury, loss of life and property. Best policy – be honest. NauticEd assumes no liability for the experience represented on this document.
